

SOPRANO

SOFO

SOPRANO is a relief for you. It offers a lot of comfort and an elegant line. Sofa Soprano evokes a soft, cosy sitting with an extra-wide layer of fleece, covering the seat padding.

In a range of elements in four dimensions (S, M, L, XL) a customer can choose randomly different elements, standing on elegant and high metal feet, and can combine them together to construct a couch-suite.

Understated elegance is emphatic with a combination of special decorative arm-rest's and backrest's stitch. You can choose one of five different additional two-needled option decorative stiches. Obliquely designed outline of wide armrest provides together with special metal foot a modern and elegant look.

The integrated lift mechanism raises the backrest gradually to become an individually adjustable headrest. By doing so, the sofa's height increases by from 73 cm to 90 cm. The special feature of this mechanism is the quality function that during the increase of the back rest, reference material stretch simultaneously, so that the resulting wrinkling is reduced to a minimum.

To enable even more comfort, with easily pull it is possible to gradually enlarge depth of seat area. The standard depth measures 114 cm. With easily pull, seat depth enlarges for 5cm, 28cm or 48cm.

Adjustable backrest and seat depth provide maximum comfort.

1. Frame: particle board with solid wood frames
2. Seat cushion stuffing: A net of elastic bands and PHR foam:
elastic PUR foam in the density of 45 kg/m^3 with diolen layer
3. Back cushion filling: Sandwich-combination of different elastic foams supported by a net of elastic bands.
Such back and seat cushion design ensure soft, round and enriched line.
4. Feet: Metal
5. Adjustable seat depth: can be 5 cm, 28 cm or 48 cm enlarged

Seat upholstery::

EHR   43 kg/m^3
